

REDCAR AND CLEVELAND BOROUGH COUNCIL RISK ASSESSMENT

As required by the Health and Safety at Work Regulations 1999

Type of Work: Covid19 Risk Assessment **Building:** Lingdale Primary School

Date: September 2020 **Assessment carried out by:** Sarah Thornton

Who is at Risk? Pupils, Employees, Contractors and Visitors

Covid-19 may be present in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing. The virus can be transferred to hands and from there to a surface. It can survive on surfaces for a period after transfer. Most people infected with the virus experience disease with mild or moderate symptoms, however a significant minority become very unwell requiring hospitalisation and for some the disease can be fatal. The risk of serious disease and death are unevenly distributed, the population groups at increased risk are; older people, people with pre existing health conditions, men and people from BAME communities.

The control measures follow the basic principles outlined in the current advice by government around safe social distancing, hand and respiratory hygiene, self awareness of risk groups and of symptoms of high temperature, a new continuous cough and anosmia which require self isolation for the house and household contacts.

HAZ	ARD		RI	SK			CONTROL MEASURES			
Identified Hazards	Hazard Effect	Probability. L. M. H.	×	Severity L. M. H.	II	Risk Rating L. M. H.	Actions Taken to Reduce Risk			
HYGIENE & DISTANCING										
Not maintainin g staff health and wellbeing	Increased risk of others contracting /spread of coronavirus , illness, fatality, exacerbatio n of existing medical conditions	М	X	Н	=	Н	 Make available a thermometer to allow staff to check their temperature. If any child or member of staff presents a temperature of 37.5 degrees celsius or above they should go home immediately. If staff are clinically vulnerable (E.g. asthmatic/diabetic) and need to be in work, they will be offered the safest role possible. 	L		
Lack of hand hygiene	Increased risk of contracting	M	X	Н	П	Н	 Ensure children and staff regularly wash hands with soap and water via briefing & signage If soap and water isn't immediately available, hand sanitiser will be used Hand sanitisers will be in situ in various locations around the site 	L		

	/spread of coronavirus , illness & fatality						Hand sanitiser will be available at reception	
Not maintainin g social distancing guidance	Increased risk of contracting /spread of coronavirus , illness & fatality,	М	X	Н	=	Н	 Staff are reminded of social distancing rules via staff briefing & signage Introduction a clear left hand lane/ keep left system around school. If staff feel unwell at any time, they must remove themselves from the area immediately, informing HT/AHT 	L
Uncontroll ed contact with others	Increased risk of contracting /spread of coronavirus , illness & fatality	М	х	Н	=	Н	 Staff should not enter other bubbles including other social spaces Where possible children will sit in rows and be supported personally by adults from behind or working side by side. Keep in left lane around site with marked areas Reducing the amount of people that a person has contact with by using 'bubbles' 	L
Number of pupils in bubbles	Increased risk of contracting /spread of coronavirus , illness & fatality	M	X	Н	=	Н	 School organised to reduce movement around site. One class at a time in the dining hall, Reception to eat lunch in classroom Social distancing between adults promoted at all times Clearly marked teaching zone in all classrooms which is not accessible to pupils Children should not cross bubbles 	L
Lack of social distancing arrangeme nts when entering and exiting building	Increased risk to personnel from transmissio n of virus	M	X	Н	=	Н	 5 pupil entrances manned by staff 1 staff entrance Staggered start and finish times to limit number of persons accessing or leaving building at one time. Only one person in front reception porch at any one time Office staff to use keep glass closed to communicate with visitors. Script on wall should be asked before any essential visitors are allowed access (oral questionnaire) Disposable sticker visitors' badges to be used (in place of lanyards) and visitors should wash their hands in front toilet Staff to use ID passes to enter and exit the building and not the exit button Deliveries/ mail can be opened with disposable gloves, packaging to be disposed of and any surfaces that have been in contact with mail/parcel should be cleaned 	
Lack of social		М	Х	Н	=	Н	 Staff advised to use fobs and elbow for opening door release where possible. Clear 'left lane' traffic around school as needed. 	

distancing arrangeme nts in corridors	Increased risk to personnel from transmissio n of virus						 Wherever possible, meetings will take place remotely Vision screens in door kept clear at all times Caretaker will open and secure all utilised doors before the staff arrive. All key doors will have a maglock that can close upon activation of the fire alarm.
Lack of Social distancing arrangeme nts in work spaces	Transmissio n of Covid19 virus	M	X	Н	=	Н	 Children will be divided into 5 class bubbles within school Lunch systems will differ across school FS2 will have lunch daily in the classroom at 11.30, Y1/2 at 11.30 in dining hall, second sitting is ¾ 12-12.20 and 5/6 12.25 – 12.45pm Suitable 'keep in the left lane' signposted. Staff and children are instructed to remain within designated areas of the building. Desks where possible will be forward facing, with staff offering support from behind or alongside staff. Office staff to remain at their own desk with their own equipment and will be responsible for cleaning area their own area before work and after work. Safety markers to be indicated on floor to assist with social distancing arrangements. Windows to be left open with internal doors where possible. Suitable numbers of cleaning stations to be positioned in all areas of the building containing antibacterial wipes or cleaner and paper towels to enable cleaning of desks Lidded bins are provided to ensure suitable disposal of tissues and hand towels. Appropriate signage to be displayed in all areas of building to communicate key messages. Behaviour Policy has had a Covid 19 appendices added to details changes in procedures.
Increased risk of transmissi on in toilets Risk of transmissi on in	Transmissio n of Covid19 virus	M	X	Н	=	Н	 Staff and children reminded to follow good hand and respiratory hygiene practice at all times. All areas will be adequately stocked with required supplies. Handwashing instructions and posters are displayed throughout workplace. Social spaces will be marked out and social distancing should be promoted at all times. One at a time in the toilets. SLT & lunch staff will attend to the toilets throughout the day with cleaning of frequently touched surfaces such as door handles, toilet flush handles, light switches, etc. They will also ensure that there is an adequate supply of soap and paper towels. Breaks will be staggered to reduce the number using the facilities. Disposable towels only, no dish cloths or tea towels. Staff to maintain social distancing in the staff room during break/lunch times - max in
welfare facilities including social time, kitchen							staffroom 4 adults

facilities and rest areas Risk of transmissi on from contamina ted surfaces	Transmissio n of Covid19 virus	М	X	Н	=	Н	 Hand washing facilities available in all areas of building containing hot water and soap. Hand sanitising stations also available at strategic points throughout the building. Frequent cleaning throughout the day of objects and surfaces that are touched regularly, such as door handles and keyboards Cleaning materials available to allow staff to clean workstations before and after use. Specific cleaning procedure detailed in further controls should be followed if person with suspected Covid19 has been in the area. 	
Increased risk of transmissi on during meetings	Transmissio n of Covid19 virus	M	X	Н	=	Н	 Where possible, meetings will be held using TEAMs within minimum paperwork. If meetings must be held in face to face, they can be held outside or in the hall ensuring social distancing. Hand sanitiser to be made available. Windows/ doors should be opened prior to the meeting to aid ventilation. Cleaning procedures should be implemented following the meeting 	
Ignorance of procedures leading to lack of compliance with safety measures	Increased risk of virus transmissio n	М	X	Н	=	Н	 All staff to receive a briefing highlighting all control measures and required to sign off on code of conduct and school risk assessments. Handwashing posters to be displayed alongside handwashing facilities. Floor markings to be used to demarcate social distancing. All one way systems to be clearly signposted. 	

MEDICAL	4	MEDICAL											
Staff infected with Covid19 virus attending the office	Spread of illness throughout workforce	М	X	Н	=	Н	 Parents and staff are asked to inform HT/office immediately by telephone if they or their family have any symptoms of coronavirus. Any children or staff displaying these symptoms should follow published guidance on self-isolation procedure and secure a test sharing the outcome with school. A record should be kept of any contact unwell person may have had incase of a positive text outcome. If a child or member of staff becomes unwell in the workplace with COVID 19 symptoms (a new, continuous cough, a high temperature, loss of taste/ smell) they should be sent home immediately and advised to follow Government advice to self-isolate. All surfaces that a symptomatic person has come into contact with must be cleaned and disinfected immediately, especially objects visibly contaminated with body fluids and all potentially contaminated high-contact areas such as toilets. 	L					
Arrangeme nts for		M	X	Н	=	Н	Personal Risk Assessment will be completed for vulnerable staff. Visors may be worn						

workers who fall within groups considered to be higher risk	Increased risk to staff from transmissio n of virus							
Personal Protective Equipment (PPE)	Risk of others contracting coronavirus , illness & fatality	M	X	Н	=	Н	 PPE pack will be made available in every bubble- disposable gloves, aprons and face masks If needed, staff will wear the appropriate PPE following guidance on safe use Used PPE will be disposed of in the correct manner Between each change of PPE, hands will be washed with soap and water if readily available, or hand sanitiser Where a COVID 19 case is suspected in the building, used PPE should be placed in clinical waste and stored for 72 hours prior to placing in rubbish skip. 	L
Impact of school closure, reopening and covid- 19 on mental health	Decrease of emotional wellbeing	M	х	M	=	M	Teachers to thoroughly explain protocols and routines include daily mindfulness & emotional wellbeing tasks frequent outdoor learning opportunities utilise wealth of support available through nurture team	L

CLEANING	j							
Unsatisfacto ry Cleaning of site.	Increased risk of contractin g/spread of coronavir us, illness & fatality	M	X	Н	=	Н	 Level of cleaning regime on site is increased Hard surfaces (handles/surfaces) will be cleaned regularly throughout the day Cleaning stations are placed around the site so that staff can cleanse an area before and after they use it Hand sanitisers will be in situ in various locations around the site 	
Risk of transmissio n in welfare facilities including kitchen facilities and rest areas	Increased risk of contractin g/spread of coronavir us, illness & fatality	M	X	Н	=	Н	 Staggered breaks to reduce the number using the facilities. Restrict the number of people using kitchens and rest areas at any one time. Maximum occupancies (1 person every 2m) identified on the door. Vision panels in doors kept clear at all times to assist staff in identifying visually if the capacity has been exceeded without opening the door. Taps/ kettle/ fridge to be used carefully Disposable towels only – no multi use towels. 	

							<u> </u>
							Kitchens provided with hand washing facilities with soap, disposable towels and hot running water.
							Spacing seats to ensure social distancing.
							Where possible, ask staff to bring their own food and drink.
Risk of	Increased						Hand washing facilities available in all areas of building containing hot water and soap.
transmissio		M	X	Н	=	Н	Hand sanitising stations also available at strategic points throughout the building. These
n from	contractin						are maintained on a daily basis
contaminate	O/ I						Frequent cleaning throughout the day of objects and surfaces that are touched regularly,

- All staff will receive information of the COVID 19 procedures
- · Corridors and walkways are maintained clear and tidy
- 2 metre social distancing rules with adults will be met throughout the site
- Keep left system will be observed throughout the site
- Any confirmed cases of COVID 19 that have arisen from the workplace should be reported to RCBC Health & Safety Team immediately
- Signage/posters to confirm procedures/restrictions will be displayed across the whole site Further guidance is available at the following link https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/offices-and-contact-centres
- Self-isolation procedure guidance is available at the following link https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection
- Specific cleaning procedure following contact by person with suspected Covid19 is available at the following link https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings
- Latest guidance for first aiders from St Johns Ambulance is available at the following link https://www.sja.org.uk/get-advice/first-aid-advice/covid-19-advice-for-first-aiders/
- Initial reviews of this risk assessment to be undertaken on a weekly basis to assess effectiveness of control measures and allow for adjustments to be made.
