

## Transport

Can you use your toy vehicles to mark make?

Be sure to give them a wash when you have finished!

Our story this week is "Tip tip, dig dig"

Can you find objects in your house that match the colours of the vehicles from the story?

What did we do with  
all that mess?

We dug.

We mixed.

We lifted.

We tipped.

We pushed.

We rolled  
and we . . .

I have added this picture to your pack so you can place the objects on the right colour.

Could you use your art materials to make a vehicle? (Here are some ideas)
