

Years 3 & 4

End of Summer 1

Our fabulous Year 3 & 4 children never cease to amaze us. Their focus and determination to learn and explore new ideas is nothing short of wonderful. This half term we have begun our work on Ancient Egypt with a focus on life during this period and the amazing discovery of Tutankhamun's tomb. They took on the role of a slave working on the pyramids and Howard Carter to support their learning resulting in excellent diary and biography writing. They have also been investigating shadows and have learnt how to build circuits and how they are used in all walks of life.
