

Lingdale Primary School

Music Curriculum

Intent:

"We have a song to sing, It has a simple melody, There is life in our unity, There's hope in our song!"

At Lingdale, children will learn a love of music, regardless of whether they are creating music or listening and responding to it. They will recognise music as a means of communication and self-expression which is individual, creative and dynamic and a valuable means of staying in touch with their emotions. This of course means, that performance is key to every aspect of music in our school.

We encourage all children to participate in a variety of musical experiences through which we aim to build up their passion for music, self-confidence and sense of achievement. Our teaching focuses on developing the children's ability to sing in tune individually and as part of a group, play tuned and untuned musical instruments with increasing control, fluency and expression. A varied diet of music from different periods, genres, styles and traditions ensures our children understand that music truly represents every voice in our diverse world.

As children progress through the school they will increasingly understand and explore how music is created, produced and communicated through the interrelated dimensions of music: pitch, duration, dynamics, tempo, timbre, texture, structure and musical notation. By Key stage 2 children will begin to improvise and compose music for a range of purposes using the interrelated dimensions of music.

Music Curriculum Cycle A & B

Lingdale Primary School
